Tuesday Night Clear Round

November 11th 6pm

There will be a full single phase course built with BS standard jumps. Full competition simulation without the competition pressure and a great way to introduce young horses or novice riders to jumping. NO ELIMINATIONS, EVERYONE FINISHES THE COURSE.

PLEASE NOTE:

- Please be aware, this is intended as a competition simulation, riders must attempt to jump the full course, in order. Once a fence has been jumped you must move on to the next fence and follow the course.
- If a rider is having problems on course for too long they will be asked to move to the next fence as otherwise it is not fair on other riders having to wait.
- The altering of fences will not be permitted, you must jump the course as set
- Working the same way as our shows there will be somebody doing the jumps in the collecting ring, max 5 riders at a time and no spectators
- Please wear face coverings and maintain social distancing
